

LYNGSOE TURN TABLE™

THE LYNGSOE TURN TABLE™ MODULE IS DESIGNED FOR USE WITH THE LYNGSOE ERGO CART™

ALWAYS SPINES IN THE RIGHT DIRECTION

The Lyngsoe Turn Table™ is an automated turning module designed to ensure materials are correctly oriented on the Lyngsoe Sort Mate™ sorter before entering their Lyngsoe Ergo Cart™ destination. Its flexible design allows it to receive materials from multiple directions, making it easy to integrate into even the most complicated environments and providing greater freedom when designing the library system layout.

Regardless of whether materials arrive from a Lyngsoe Ergo Staff™ staff induction or a Lyngsoe Library Mate™ patron induction, each material is automatically turned to the correct orientation and reliably sorted to the assigned destination, ensuring smooth and consistent material flow.

READY FOR EASY SHELVING

When patrons follow the on-screen guidance provided by the Lyngsoe Library Mate™ induction software, the Lyngsoe Turn Table™ knows exactly which way to turn the item, so they will be stacked neatly with spines facing out on the Lyngsoe Ergo Cart™. This significantly eases shelving while minimizing manual handling for the library staff.

BUILT FOR DEMANDING LAYOUTS

Designed in-house for continuous operation, the Lyngsoe Turn Table™ reliably turns materials before transferring them to the next Sort Mate module. Its robust construction supports long-term performance and makes it a dependable component in a wide range of system layouts.

BENEFITS

- Easy and efficient shelving from Lyngsoe Ergo Carts™
- Neatly stacked books with spines facing out
- Flexible, multi-directional material intake
- Robust design for high capacity operation

SPECIFICATIONS

LYNGSOE TURN TABLE™

Features	Turning positions: -90 degrees, 0 degrees (straight through), 90 degrees, 180 degrees
Dimensions	520 mm L x 520 mm W x 950 mm H / 20.5" L x 20.5" W x 37.5" H 565 mm L x 565 mm B x 950 mm H (extended top plate configuration)
Unit weight	50 kg
Power	115-240 V AC 50-60 Hz
Capacity	Up to 1,200 items per hour. Dependent on the specific system.
Standard color	Chassis and top plate: Black (RAL 9005)
Suitable for receiving	Library materials (books, magazines, CD/DVDs etc.)
Item restrictions	Item size: Min: 100 mm L x 100 mm W x 2 mm H / 4" L x 4" W x .1" H Max: 400 mm L x 400 mm W x 100 mm H / 15.8" L x 11.8" W x 4" H Item weight: Min: 30 g/1 oz Max: 5 kg/11 lbs
For use with	Hardware: Sort Mate sorter module, Sort Mate LC6000 Conveyor, Library Mate induction Software: Sort Mate 2000 Base-platform (PLC)
Conformity	CE
